*Fresh Ginger*

*Dry Ginger*

# Watermelon Seeds

Sourced from premium watermelon crops, our seeds are a versatile and eco-friendly product. With applications ranging from healthy snacks and baking ingredients to oil extraction and cosmetic formulations, these seeds are a testament to quality and sustainability. Ideal for wholesale and industrial use, they meet the highest standards for purity and freshness.

# Walnuts

Harvested from premium walnut orchards, our walnuts are a versatile and eco-friendly product. Known for rich taste and nutritional benefits, they are ideal for use in baking, confectionery, oil extraction, and health foods.

Available in both in-shell and shelled varieties, our walnuts meet the highest standards of quality, ensuring freshness and purity for wholesale and industrial applications.

Sustainably sourced from the lush Amazon rainforests, our Brazil nuts are a versatile and nutrient-rich product. Renowned for their creamy texture and health benefits, they are perfect for use in snacks, confectionery, baking, and oil extraction.

Our Brazil nuts meet the highest quality standards, ensuring freshness and purity, making them ideal for wholesale and industrial applications worldwide.

## Brazilian Nut

Sourced from premium-grade pumpkins, our seeds are a versatile and nutrient-rich product. Known for their crunchy texture and health benefits, they are ideal for use in snacks, baking, granola, oil extraction, and cosmetic formulations. Our pumpkin seeds are processed to meet the highest quality standards, ensuring purity and freshness for wholesale and industrial applications.

## Pumpkin Seeds

# Black Cardamom

Grown in the fertile soils of Nepal's Himalayan foothills, our cardamom is renowned for its rich aroma, bold flavor, and exceptional quality. This versatile spice is ideal for enhancing the taste of teas, curries, baked goods, and savory dishes.

Cultivated using sustainable practices, our Nepali cardamom meets the highest purity standards, making it a preferred choice for both culinary and industrial applications worldwide.

Bring the authentic taste of Nepal to your market with our premium cardamom !

# Turmeric

Sourced from the pristine regions of Nepal, our turmeric is celebrated for its vibrant golden hue, earthy aroma, and exceptional health benefits. Packed with natural curcumin, it is ideal for use in cooking, beverages, skincare, and wellness products.

Cultivated through sustainable farming practices, our Nepali turmeric ensures unmatched purity and quality, making it a trusted choice for culinary and industrial applications globally.

Experience the richness of authentic Nepali turmeric in your products!

# Rosin

High-Quality Rosin for Industrial Applications

Extracted from the resin of Chirr Pine trees (*Pinus roxburghii*) found in Nepal's forests, our rosin is a versatile and eco-friendly product. Its applications range from adhesives and varnishes to cosmetics and food additives

# Soap Nut Oil

Natural Surfactant with Wide Applications

Extracted from the berries of the Soap Nut Tree (*Sapindus mukorossi*), our soap nut oil is a sustainable and effective alternative to synthetic surfactants. It is ideal for personal care products, household cleaners, and industrial applications.

*Thank You!*
